attn. Mr. Karol Liščák

Subject: Certificate of performance

July 25, 2022

Dear Mr. Liščák,

Enclosed you will find the Certificate of Performance for the proficiency test in which your laboratory participated. For your information, your laboratory's code throughout the proficiency test was no. **1679**.

Your laboratory does participate in the iis proficiency test program. This participation may hopefully help you to improve the quality of your laboratory. In addition, you may use the samples that we sent you for training purposes. Although we try to deliver the highest quality services, we still are humans and we make mistakes. Therefore, we need your continuous feedback on our performance.

Please do not hesitate to contact us if you have any questions or comments.
We thank you for the good co-operation in this interlaboratory study.

Maybe you did already visit our Internet site at www.iisnl.com. As we stopped providing the final hardcopy reports by post mail please be informed for the following: via the News & Reports-section, you can get your proficiency test reports. It can be downloaded as .pdf-file and viewed in Acrobat Reader.

Kind regards,

Ing. R.J. Starink
Program Co-ordinator

Certificate of Excellence

This is to certify that

The laboratory of NAFTA A.S., SLOVAKIA

was a participant in the proficiency testing scheme as organized by the Institute for Interlaboratory Studies in the Netherlands (iis) for:

PT – Natural Gas (Methane) (pt: iis22So2M)
